

My

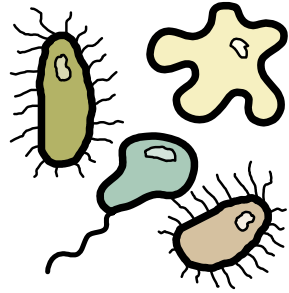

Coronavirus

Story

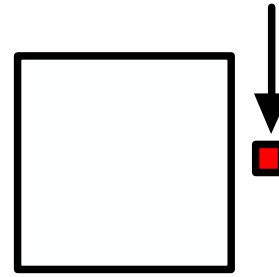

Coronavirus

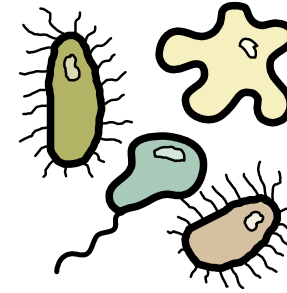

germs

are

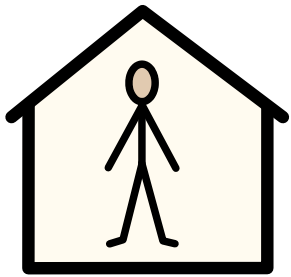

tiny

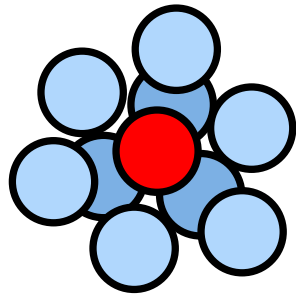

organisms

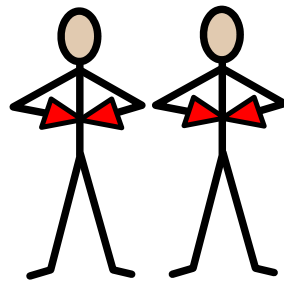

that

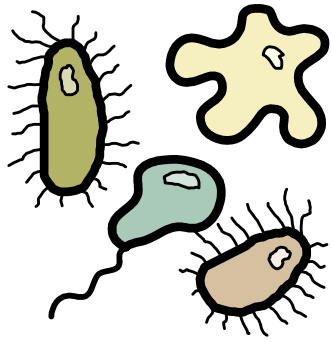

live

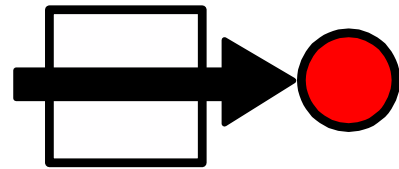

among

us.

Germs

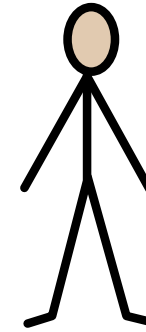

pass

from

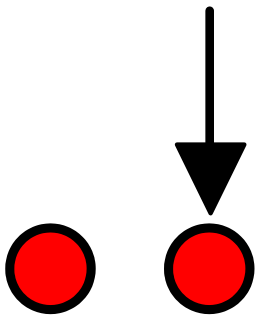

one

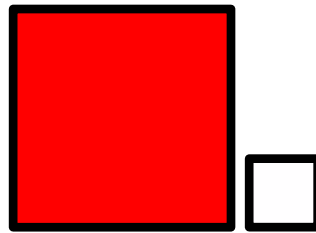

person

to

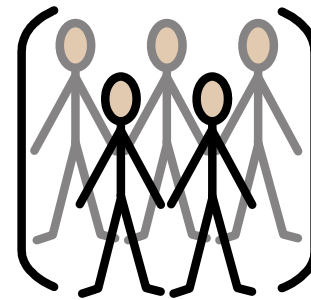

another

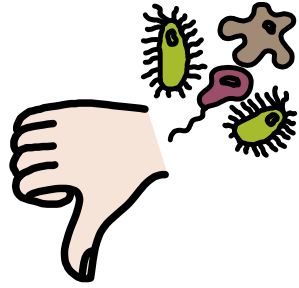

and in

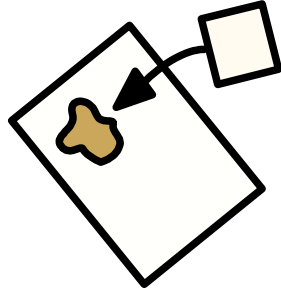

big

groups.

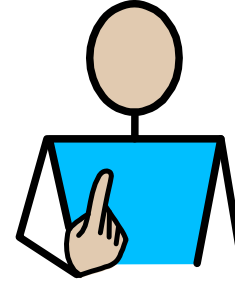

If a bad germ

sticks

on

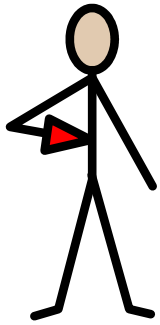

me,

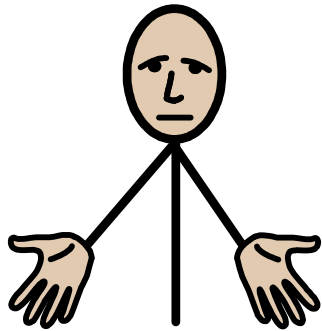

I can

get sick.

I

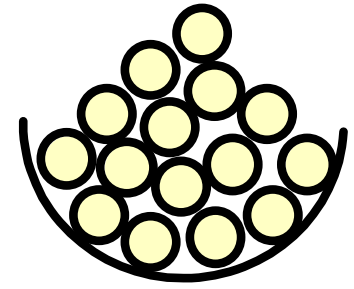

need

to

wash my hands

a

lot

so

I can

stay healthy

and

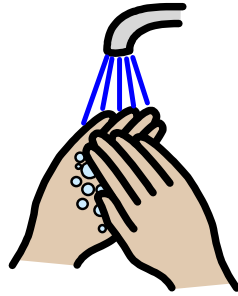

safe.

When

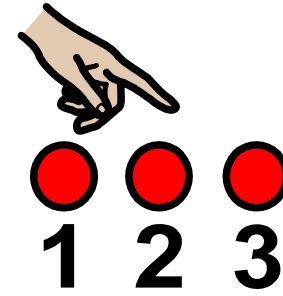

I

wash my hands,

I can

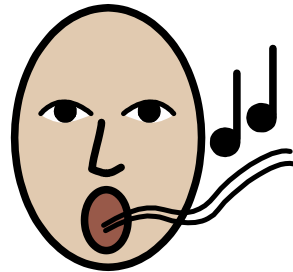

count

to

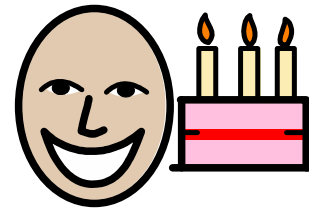

**20**

20

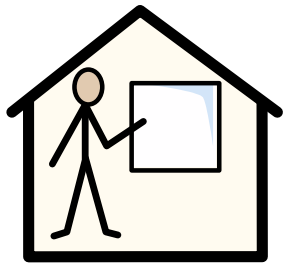

or

sing

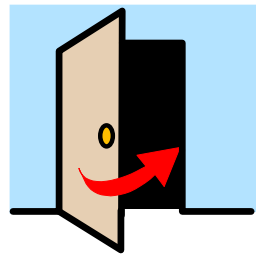

happy birthday.

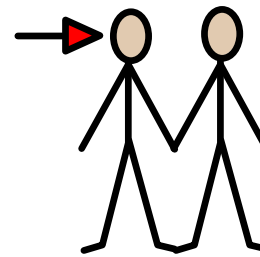

School

will be

closed

, so

they

can

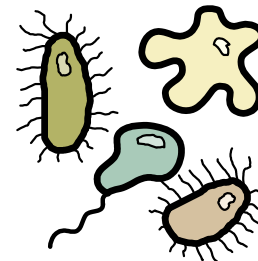

clean

it and

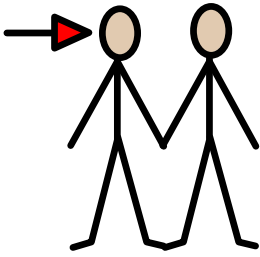

get rid of

the

germs.

While

they

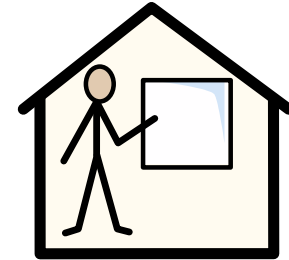

are

cleaning

my

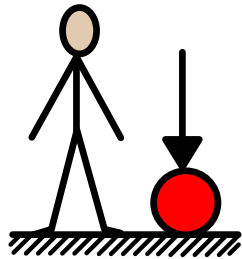

school,

I

will

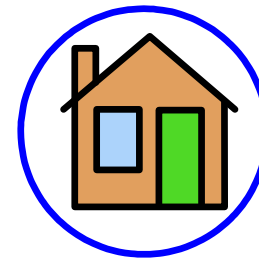

stay

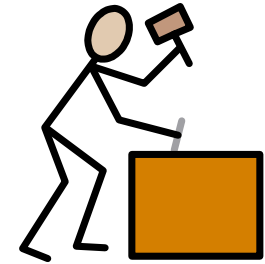

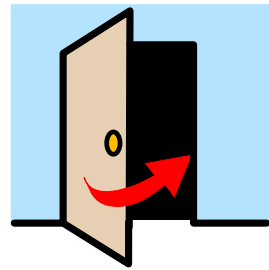

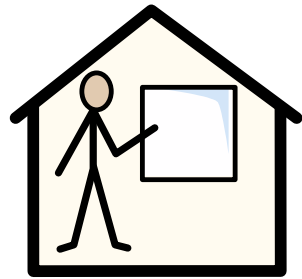

safe

at

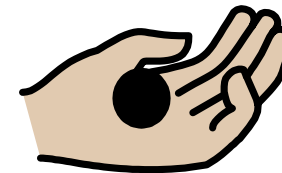

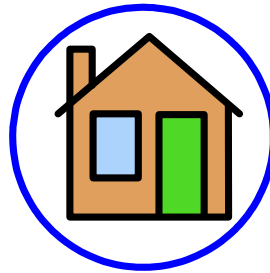

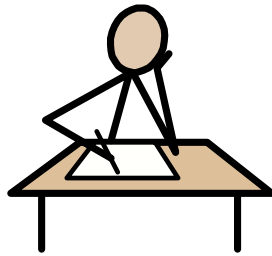

home.

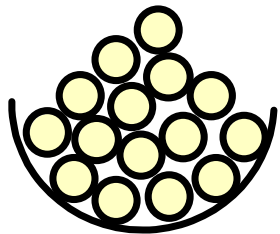

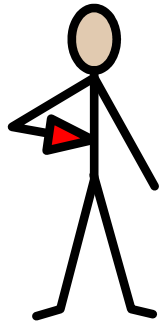

While the school is closed, I can do

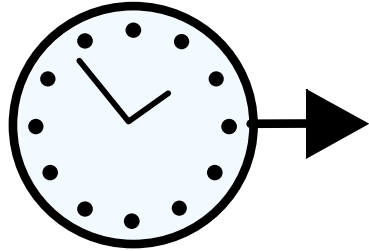

some school work at home and have

lots of fun.

I

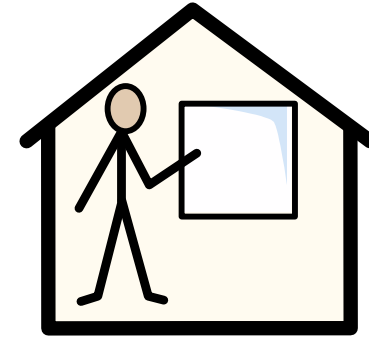

will

go back

to

school

when

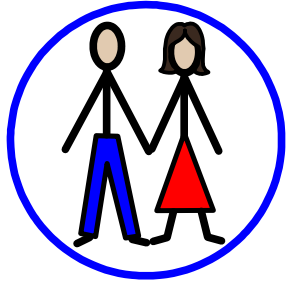

it's

safe.

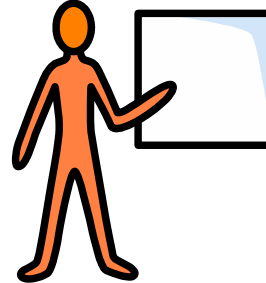

My

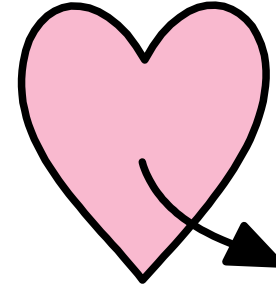

parents

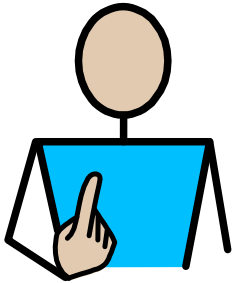

and

teachers

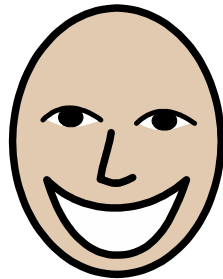

want

me

to be

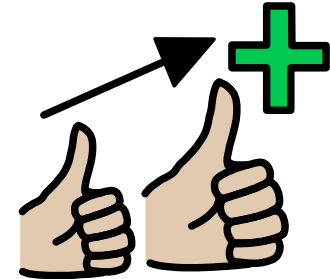

happy,

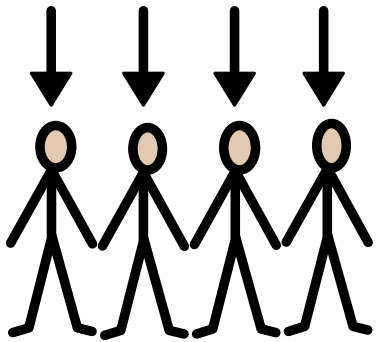

safe

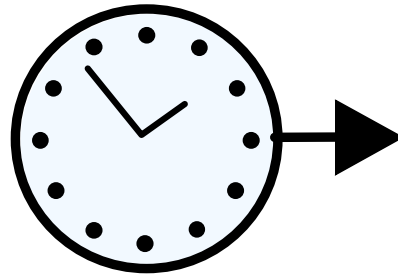

and

healthy.

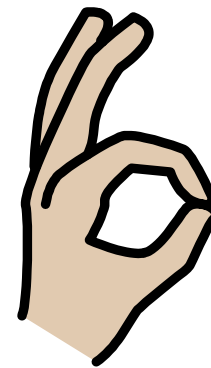

Everyone

will

be

okay.
