Dear Parent/Carer,

We would like to update you as we are now moving quickly into our busy summer period.

We must limit the number of customers in our store at any one time and restrict entry to one adult member per family. **From the 25th July, you will be unable to try any items of uniform on and our fitting rooms will be closed.**

Please use our free click and collect service from our designated customer service point or alternatively, delivery to home. Appointments are still available for students starting a new school until the 25th July. As the summer continues, we anticipate VERY long queues and waiting times. **Please place orders through our website rather than visiting our store.**

Once again, we want to reassure you that our first priority is to keep you, your child and our team safe whilst purchasing uniform.

Yours Sincerely

Graduates Schoolwear
